Java Database Connectivity (JDBC)

Spring Framework

Suryansh Sharma

Full Stack Java Developer Intern | Passionate about Building
Innovative Web Solutions
Bengaluru, Karnataka, India

Summary

Passionate and dedicated Full-Stack Java intern with a strong foundation in programming, seeking an opportunity to apply my skills and contribute to the success of a dynamic software development team. Currently pursuing master's degree in Computer Science, specializing in Java development, and eager to learn and grow in a professional environment.

Key Skills:

Full-Stack Java Development: Proficient in Java programming and experienced in developing both front-end and back-end applications using popular frameworks such as Spring Boot and Hibernate. Able to design, implement, and maintain scalable and efficient solutions.

Front-End Development: Skilled in HTML, CSS, and JavaScript, with hands-on experience in building responsive and user-friendly web interfaces. Familiarity with front-end frameworks like React and Angular.

Back-End Development: Knowledgeable in server-side development, including RESTful APIs, database management (SQL/NoSQL), and cloud platforms (AWS/Azure). Able to ensure seamless communication between front-end and back-end components.

Problem Solving: Strong analytical and problem-solving abilities, with a knack for troubleshooting and debugging. Capable of identifying and resolving issues efficiently to ensure smooth functionality of applications.

Collaboration and Communication: Excellent team player, adept at collaborating with cross-functional teams to achieve project objectives. Effective verbal and written communication skills, with

the ability to convey technical concepts to both technical and non-technical stakeholders.

Education:

Masters in Computer Applications (Expected Completion: 2023)
Baba Gulam Shah Badshah University (Rajouri, J&K)

Projects:

Developed a full-stack e-commerce application using Java, Spring Boot, and React, enabling seamless product browsing, cart management, and secure checkout.

Implemented a RESTful API for a social media platform, utilizing Spring MVC, Hibernate, and MySQL for efficient data storage and retrieval.

Experience:

Full-Stack Java Intern | Pankaj Sir Academy (Bangalore, Karnataka)

Collaborated with the development team to design and develop web applications using Java, Spring Boot, and JavaScript.

Assisted in implementing RESTful APIs and integrating front-end components with back-end services.

Conducted code reviews, performed testing, and resolved bugs to ensure the quality and reliability of software applications.

Actively participated in team meetings and brainstorming sessions to contribute ideas and enhance project outcomes.

Experience

Pankaj Sir Academy
Internship Trainee
February 2023 - Present (7 months)
Bengaluru, Karnataka, India

Education

Baba Gulam Shah Badshah University

Master of Computer Applications - MCA, Computer Science · (August
2021 - September 2023)
